

Safety Fact, Think before you lift!

According to Liberty Mutual Safety Index overexertion, or injuries caused by lifting, pushing, pulling, holding and carrying, accounts for 25 percent of all workplace injuries.

NEWSLETTER AUGUST 2014

I-80 & I-29 in Council Bluffs

Work in Cedar Rapids got off to a slow start because of flooding but is now in full swing. Larry and Ben are having some father-son bonding time building very detailed and labor

Cedar Rapids

intensive piers on this project. The overlay crews have been working hard this

summer. Josh and Kelly are working on a large overlay on US 75 over the Platte river. Tim is on I-80 working on approaches. Dave and Scott D. are in Manchester finishing an overlay on Hwy 20 and Doug is just south of them on IA 13.

75 over Platte River

Jack has been in Waterloo this summer and will continue to be there through the fall.

Chad has the end in sight for the new bridge in Louisa Co. on X99 over the Iowa River. The guys

are stripping the deck and waiting on the road to be completed so they can open it to traffic then remove the old bridge.

Half of the existing bridge in Dell Rapids, SD has been removed. Nels and

Louisa Co.

Darren are in the process

of building the new piers. Once the crews set the concrete beams they will move to the other side to tear down the remaining and complete construction of the new bridge.

Chase, Chuck, Ryan, and Mike are in Council Bluffs completing work on the I-80/I-29 project.

Dell Rapids SD

Jake has been working in the shade most of the summer under the Harris overpass in Lincoln installing pigeon protection.

Jeff is taking on the task of building a temporary bridge in Fremont for the removal of an existing bridge.

Scott C. and Brad are making spillway improvements at Cedar Lake in Winterset.

As always, the shop is working hard to keep us up and running!

Congratulations on this years new additions!
